### TODAY'S SPEAKER

**HOLLISTER STURGES** brought us together at 11:00 AM to welcome guests and reminded us of the sound and safety features appropriate for the forthcoming presentation. **HOLLISTER** was followed by **BOB ROBINS** who introduced our popular speaker, **Ambassador Donald Gregg**. As well as having served 30 years in the CIA,

Ambassador Gregg had spent two years in North Korea, time in Japan and years as security advisor in the White House. His views on future policy included his belief that the existing treaty with Iran was preferable to attempting new negotiations. Similar to our interactions with North Korea, we should work to maintaining a sustainable relationship remembering that we also should be aware of China's reaction to our efforts. John Kerry's dedicated travels and negotiations have been spirited, forthright and dedicated. But we need to encourage the younger generation to consider a career in diplomacy that is committed to common sense and practical approaches, not the "stale bread" that has too often been an impediment to more progress and better policies in our foreign affairs. He was also hopeful that by choosing some Wall Street insiders for his cabinet and as advisers, Trump would be able to introduce some needed reforms.

### **MEMBER PROFILE: GEORGE STOCKBRIDGE**

*This is the seventh in a series of Member Profiles designed to allow members to know one another beyond a face and a name tag.*

**GEORGE STOCKBRIDGE** was born and brought up in Natick, Massachusetts, a small manufacturing town near Boston, known for producing baseball bats and shoes. He is a graduate of Boston University, earning a Bachelor of Arts in Spanish and French, and a Master of Arts in Latin American studies. Awarded the all-expense paid Rotary Foundation Fellowship to do more graduate study in Sao Paulo, Brazil, he lived with a Brazilian family and made lifelong friends with his fellow classmates at a unit of the University of Sao Paulo. During his college years he played solo piano in a cocktail lounge on Cape Cod.

GEORGE was drafted in the U.S. Army in the years between the Korean and the Vietnam wars. Most of his hitch was in Fort Tilden, New York City, at a guided missile base. He then joined a unit of the chemical firm W.R. Grace in Cambridge, MA. They asked him to spend a year working out of their Paris office ---not too tough to take! He came home to marry the former Carol Beadle, his childhood sweetheart; they have just completed their 56th year of wedded bliss. He and Carol have two grown daughters, and two grandchildren. He volunteers driving for Transportation Association of Greenwich, at a community garden that donates its produce to Neighbor to Neighbor, and is a volunteer tutor in Stamford for Literacy Volunteers of American. GEORGE also is a substitute teacher at Greenwich's high school and middle schools, and volunteers as a hospice visitor for Masonicare.

GEORGE joined the RMA in 2008. He organized and recruited piano players like himself and did the monthly scheduling. He formed a grand opera group, which he still heads. They have viewed 43 operas in members' homes. He has served briefly on the RMA Board, and then agreed to take on the chairmanship of the Cigar Box Bulletin. He has relinquished that position but continues as a scribe. In spare time GEORGE studies Japanese for fun.
