“Medicare Decision Making: Choosing and Using Your Coverage”

Medicare is here and needs your attention, particularly each year as Open Enrollment approaches. This insurance program is unlike any you've encountered before. More complicated than it appears, the subtleties of decision making, deadlines and penalties are critical.

If you want to get the most out of your coverage and maximize the medical care system as a Medicare recipient, you have to fully understand your available options in order to select what's best for you as an individual. Dr. Kahan's presentation on Medicare brings an incredibly rich, practical perspective, combining his professional expertise as a physician with his own personal insights and recommendations.

Dr. Kahan authored the go-to guide on the subject, Medicare Demystified, a straightforward, easy-to-follow, step-by-step guide for deciphering Medicare options, enrollment and care. Written by a practicing physician with over forty years' experience, it provides invaluable insight into the costs and benefits senior citizens must evaluate when selecting and using their Medicare plans to get the most out of coverage, and to access care effectively and with ease.

After a career as a practicing physician in Norwalk, he is a sought-after health care lecturer and consultant. He obtained his M.D. from Weill-Cornell Medical College and did his residency at Harvard's combined hospitals, specializing in dermatology. He is a Fellow of the American Society of American Academy of Dermatology.

RMA meetings are free and open to the public; no reservations are required. Please plan to arrive around 10:40AM for our social break (coffee and cake), followed by our speaker at 11:00M.
