President **TAD LARRABEE** opened the meeting at the usual hour of 10:00 am and led us in the Pledge of Allegiance. Song Leader **TOM HEALY**, with **BOB MORGAN** on the piano, then led the membership in singing *The Star-Spangled Banner, You Must Have Been A Beautiful Baby* and *April Showers*.

Corresponding Secretary **JERRY SCHWENDEMAN** advised that this was his final effort in this role as he would be undertaking different duties. ## TODAY'S SPEAKER

**Julie Jason** has titled her talk *Managing Retirement Wealth in Good Times and Bad*. Wealth was described as more than money. According to Ms. Jason, wealth assets would also include family, friendships and lifestyles. For the money assets, start accumulating early (age 25) by maximizing 401K plans; by saving 10% of your earnings; by investing aggressively, especially in down times; by letting investments grow and not touching them. At mid-life (age 45), keep saving and investing, and look into Roth IRA's, 529 plans and brokerage plans. Making a will is important since State Laws may contradict an individual's intestate's intentions. The transition to retirement (age 65) creates different needs. Cash flow is as important as organizing assets into a portfolio. Look into portfolio management expertise which can assist in allocating assets into a variety of investments and balancing investments to cover the contingencies of bull and bear markets.
