Gregory Zuckerman

“The Inside Story of the Life-Or-Death Race For a Covid-19 Vaccine”

Gregory Zuckerman in *A Shot to Save the World* takes us inside the top secret laboratories, corporate clashes and high-stakes government negotiations that led to the development of effective Covid vaccines. A small group of unlikely, untested, disparate scientists scrambled to turn their life's work into a life saving vaccine in a matter of months - - and beat each other for the glory that a vaccine guaranteed.

Walter Isaacson notes *A Shot to Save the Word* is “One of the most exciting dramas of medical history;” Kirkus Reviews, “An intensely researched, rewarding account of an impressive medical triumph.”

Gregory Zuckerman is a 26 year Special Writer at The Wall Street Journal and has been a three time winner of the Gerald Loeb Award – the highest honor in business journalism. Greg is also the author of these best sellers; *The Man Who Solved the Market: How Jim Simons Launched a Quant Revolution* and *The Frackers: The Outrageous Inside Story of New Billionaire Wildcatters*. Additionally, he has authored *The Greatest Trade Ever: The Behind The Scenes Story of How John Paulson Defied Wall Street and Made Financial History*.

He lives in West Orange, New Jersey with his wife and two sons and is a graduate of Brandeis University, Magna Cum Laude.

Please note: Attendees must show proof of vaccination and booster at the door for admittance. Masks must be worn at all times in the church.
