Invites you to its meeting **January 9, 2019** at 11:00 a.m.  
First Presbyterian Church, Lafayette Place, Greenwich, CT

## **Lori Contadino and Steven Katz**

### **“Age Friendly Greenwich ... A Community for All Ages”**

Last spring the Greenwich community participated in a survey directed at all aspects of life for persons 45 years and over. The Age and Dementia Friendly Initiative will share the results of this survey and their proposed action plan at the Retired Men’s Association Meeting on Wednesday, January 9 at the First Presbyterian Church at 11:00 AM. Greenwich seeks to be the first community in Connecticut to be certified as age-friendly.

The study focused on the proposed steps needed to enhance our community for persons 45 years and older, and by doing so, enhance our community for persons of all ages. We will be hearing from two people from the Commission on Aging, Lori Contadino, its Program Director; and Steven Katz, Vice-Chairman of the Commission.

Lori is responsible for identifying and responding to the needs of our senior citizens; she formulates plans and sets priorities for improved services. She advocates for these needs, and does outreach throughout Greenwich. Lori is also responsible for the management of the Greenwich Senior Center.

Lori holds a Master’s Degree with distinction in gerontology. She is also an adjunct faculty member of the College of New Rochelle, Graduate School and is the recipient of numerous awards. She has 34 years of experience in this field.

Steve Katz is the Vice-Chairman of the Greenwich Commission on Aging. Steve is a Board Member of the Southwest Connecticut Agency on Aging and President of Sterling Care, a certified home health agency, a non-medical companion and homemaker agency which provides geriatric care in Greenwich. He is also an Adjunct Professor of Health Care Policy and Management at Columbia University’s School of Public Health.

Steve has a MPH from Columbia University, a LL.M in Taxation from the NYU School of Law; he has MBAs in Finance and Accounting, a JD from Fordham University and a BA in Psychology from Brandeis University. Steve is a certified in care management in Geriatrics and Dementia. He is also a fellow of the American College of Health Care Executives.

Lori and Steve Co-chair the Age and Dementia Friendly Initiative for the Town of Greenwich.

**Next week: January 16, Page Knox, Ph.D., Lecturer at the Metropolitan Museum of Art and Columbia University, “Delacroix, the Triumph of French Romanticism: Reflections on the exhibition at the Met and the Louvre.”**
